

Your audience already owns the hardware. We pay them to stop wasting it.

We're Salad, and we put your viewers' computers to work. Our app is lightweight, easy to use, and turns idle time into real-world rewards like PayPal balance, gift cards, games, and more. How much more? **Top users can earn up to \$200/month on Salad.**

How I Made Over \$1,000 On My PCs With Salad
@RedFoxCrypto

Nvidia 5070 Ti SUPER 24GB, RTX 5050 8GB Review | Broken Silicon 316
@MooresLawsDead

WHAT HARDWARE EARNS

RTX 5090	up to \$200/mo
RTX 4090	up to \$130/mo
RTX 3090 Ti	up to \$120/mo
RTX 4080 Super	up to \$120/mo
RTX 3090	up to \$108/mo

Top-earning Chefs, running 24/7 at current market rates. Earnings vary by GPU, uptime, and demand. Does not include bandwidth-sharing earnings.

OUR MISSION

The world brims with idle compute power, but profits keep flowing to tech giants and wasteful data centers. We believe that **everyday people should reap those rewards instead.**

WHY YOUR AUDIENCE COULD USE SOME SALAD

- ▶ Salad is the easiest way for them to monetize their PC's resources.
- ▶ Control stays in their hands. They can start and stop Salad anytime.
- ▶ They can redeem from a rich variety of rewards in our Storefront.

FROM A VERIFIED CHEF

★★★★

"Easy money and awesome rewards. Damn, you guys really keep surprising me. Not only do you keep your promises, but the payments are also relatively fast. This is an incredible way to earn by doing very little."
